

# WAVE 27" MONITOR

The Wave Monitors are a series of well-designed, rugged LED displays. Our monitors are built following a modular approach, making them suitable for OEM as well as Private Label versions.

Our displays can be flush mounted with a panel mounting kit or standing with hinge mounted to table. It can even be mounted with hinge hanging from the roof (no HMI). Sunshade and Vesa adaptor are also available.

All our monitors are provided with AC/DC inputs and can even be used as a part of a UPS system. For improved performance and reliability backlight is based on LED technology.
